Dear Dr. Drake:

I have reviewed the report of my Committee concerning the recommendation that all your New York City teaching license(s)/certificate(s) be terminated in accordance with Regulation of the Chancellor C-31 and that your probationary service as a Teacher of Chemistry and General Science be discontinued.

After careful consideration of your case, I have determined to sustain the recommendation as a consequence of file documents and testimony at the Review.

Any and all license(s)/certificate(s) to teach in New York City held by you are hereby terminated effective August 23, 2005, the date your name was placed on the Invalid/Inquiry List. Your name will remain on that list. In addition, your probationary service has been discontinued.

Sincerely,

Andrés Alonso,
Deputy Chancellor
Teaching and Learning,
(as designee for Joel I. Klein, Chancellor)
