Excellency Krzysztof Kasprzyk  
Consul General Of The Republic of Poland  
233-Madison Avenue  
New York, N.Y., 10016

Dear Ambassador Kasprzyk:

I hope my letter to you find you in good health. I am a 78 year old Holocaust survivor who filed the historic lawsuit against Swiss banks in 1996 for looted assets of my family, all of whom were killed during the Nazi era. I am the sole survivor. That law suit was later joined as a class action and settled in 1998 for \$2.5 billion.

I opted out of the settlement---I had complained that lawyers, including my own, Edward Fagan, were paying themselves millions of dollars, even though Holocaust survivors were either not getting anything or pittance amounts.

Now this same lawyer, Fagan, is the lead counsel in a lawsuit that has been brought against the Polish government in the United States District Court – Association For Restitution Of Polish Assets And Property.....Vs. Republic of Poland...(06CV 7725).

In addition to my parting with Fagan over his betrayal with respect to the Swiss banks case I filed in 1996, I later discovered that he had looted a trust account he was handling for me. I complained to the ethics commission in New Jersey where Fagan maintained an office and he is now in proceedings before that commission that could result in him getting disbarred.

I have additional information with respect to Fagan that I would like to share with you Mr. Ambassador.

Kindly contact me so that I may meet with you.

Sincerely,

*Gizella Weisshaus*
