

I also told you I would get contributions from my colleagues and help you get more contributions so hopefully the school could become a reality or at least a full school at least a scholarship fund to help defray costs when survivors children have to go to another school. I meant it then and I mean it now - not for any reason other than if I am going to give charity I might as well give some to you for who you are and what you sought to do. This case is not just you, it is not just Mrs. Sapiro, it is not just Mrs. Fisher, it is not just me it is all of us.

I intend to finish this the right way and want you to be able to rest at night knowing that it is going to end the right way and that everything you have done is not in vain. It is not!

I know you have been feeling I betrayed you - I did not I know you have concerns - I do too. So, let's get together air our concerns and get back to business. Neither of us need this aggravation or "Admas Wekesh".

I will have Edy call you to set up a meeting. For the sake of us all and for the sake of Shalom please cooperate. Thanks.

Ed Jayson
