Dear Mr. Heaney and Mr. LaForgia:

The enclosed letter to Lindley Uehling with enclosures is self explanatory.

In addition, when I was interviewed for the position I was told by Lindley Uehling there would be administrative work and additional monies that I would earn for an after school program.

Shortly after my meeting with Ms. Uehling in late August, 2004, Ms. Uehling put me in touch with Barret Van Buren, the President of the PTA for the purpose of securing space for the program. After meeting with Mr. Van Buren several times and securing a location, I was told by Ms. Uehling there was no money in the budget for the program. How can this be? This was about one month after she represented to me that there would be an after school program, and asked to make the arrangements.

As you can see from the enclosed letter and the above, I tried very hard to make the best of an extremely difficult situation.

In view of this situation, I hope that you will be able to help me transfer as soon as possible. Do you know of an assistant principal vacancy in supervision .

For your information I am also enclosing my observation reports dated November 9, 2004.

Thank you.

Sincerely,

Ted Smith
