Dear Ms. Combier:

Where is my money? You took and did not render services. I have many damaging recordings where you speak many different topics like Ms. Jackson-Chase

Dear Ms. Combier:

When should I expect a refund? Or, I will be forced to ask you to explain your special relationship at 3020-a hearing like the benefit that you helped our friend Joan to get. Or, how the Uft made calls to agencies like Perb.

I hope for your sake that you have evidence for what you said to me. Either way, this doesn't look good for your reputation and I will use your words — and I will use your own words.

As I said before, I want you to sue me because I want the truth Betsy Combier.

You should be ashamed of yourself because you knew that you wrote Libelous statements about me. I have you, Betsy, saying that anyone that supports protelos will suffer (intent) and I have you saying tortious interference to malign your name, 500,000—

I had that issue solved, he's bcc, about our disagreement over ms. Jackson-chase. You know private entities, like yourself, could be sued in a 1983 claims, when a private citizen helps a government - your interest will not deter me because of your friendship and what you gain from it for your clients. I hope you have evidence for what you told me. Your business interest will not deprive me of getting even....ms Jackson-chase allowed her subordinates to commit fraud against me, this act unlawful, because they quoted fake documents or arbitration decision.

Then, I will email everyone with w sample of recording. Then, I will take to small claims court. If your interest prevails, then i will file a claim against you. Ms. Jackson-chase has to be taught a lesson because I recorded her and her action.

I have you saying, the lawyer for the bad Jew case is horrible and doesn't know the 3020-a. And, horrible comments about my lawyer you made about him.

Thanks

Would you like to comment? I already sent you a recording
I'm sure your members will be interested about her experiences at the Uft.

Don't write to me saying, what do you want the union to do?
You covered for Mulgrew sex scandal
You covered for Rona by hiring Betsy and Betsy wrote never that story--may Jim was right.

I should not have to tell you how to do your job. Someone told me that judges could vindictive, if they know that you recorder. I'll say it again, no one will deter me.

Again... What side of fraud are you on?

Dear Mr. Freeman, Ms. Jackson-Chase, and Mr. Ross:

Attached is the manual for Administrative Law Judges, in NYS. According to the credits listed in the manual, you, Mr. Freeman, helped to write the ALJ manual. This manual is filled with information to analyze the proceedings at PERB and responses to FOIL requests.

I previously offered that I would drive up to Albany and play my recordings for you because I wanted you to address how NYC DOE FOIL Unit deprived me of documents that were falsified for May 4, 2015. You informed me that you couldn't help me. I hope this time; you will have a different answer.

Now, I would like to drive up to Albany and play my recordings of March 23, 2015; April 8, 2015; and January 11, 2016...the PERB proceedings. I believe your legal training with the fact that you helped to write the said manual would be valuable tool for me because you could help me file a complaint.

Sincerely,
Mr. Celli

Subject: RE: DOE lawyer lying to a PERB Judge

Dear Mr. Drantch and Ms. Battle:

I totally forgot that I had two iPhones yesterday, I am sorry. Therefore, I have a recording of yesterday's proceeding at PERB. We all know what was yesterday and I have it documented!

To Mr. Drantch,

You lied to the ALJ Blassman on March 23 about Ms. Susan Mandel, Esq. Ms. Mandel deprived me of my rights as she falsified a legal document to harm Special Education students (IEPs issue that I wrote about the other day.) I would be ashamed, if I were you or Ms. Mandel because of the legal training that you and Ms. Mandel possess. You, Ms. Battle, and ALJ Blassman had an ex parte communication prior to April 8, 2015-- what was said CANNOT change. THEN, you knowingly lied to the ALJ yesterday about the fact the ALJ told you to get and send me the documents that were falsified, but the ALJ lied too yesterday--its a good thing that I pressed record! Let me remind you that we cannot change what was said once I recorded it.

To Ms. Battle,

There is conflicting information centered on the secret agreement between that Ms. Sedlmeyer (UFT) informed me about between the DOE and UFT on April 16, 2015. This agreement was to harm UFT members at administrative hearing and I was harmed at an administrative hearing because falsified documents were submitted on May 4, 2015.

1. Ms. Weingarten wanted me to handover the recording.
2. Mr. Adam Ross wrote it does not exist and to hand it over.
3. Mr. Barr wrote handover the recording in August of 2015. In October of 2015, Mr. Barr wrote it was policy of the DOE. I have it documented, when I pressed record on my phone, the DOE likes to quote fake arbitration decisions and policies.

I said that I am willing to press play for anyone, but no one told me to come and press play!!

I appreciate the opportunity to record another administrative proceeding, but PERB is a joke and corrupt. I have to be honest about what I am experienced and what i recorded.

Thanks,
Mr. Celli

Subject: RE: Grievnace pt 2

Dear Ms. Solimando, Ms. Atkinson, and Ms. Jackson-Chase:

I sent in a grievance on December 23, 2015 and a step 1 grievance conference has not been scheduled, thus far. This is not the first the Office of Labor Relations played this deceitful and unlawful game with me. Please see the attachment of where I promised a date, but the hearing date was never scheduled. The Office of General Counsel state that they have integrity, but has allowed hearing officers to quote policies and arbitration decisions that do not exist. The lies were just a method to rob me.
When is the date for the grievance filed on December 23, 2015?

I would appreciate a response, even if it is another lie. At this point, I do not believe a single word that is stated by anyone under the supervision of the Office of General Counsel because I have Ms. Jackson-Chase telling me to contact her because her office has integrity--recorded. Next issue are IEPs.

Thanks,
Mr. Celli.

Subject: RE: Judge Blassman said that I would win the case

Dear Ms. Weingarten, Hon. Zachary Carter, and Mr. Mark Peters:

At this point, there should have been a review of the recording of March 23, 2015, which occurred at PERB. The recording had Judge Blassman and I speak about Vincent Gaglione and Susan Mandel, Esq. Attached you will find the email that I wrote on November 14, 2015. In the said email, I provided case law of an Administrative Law Judge being suspended for a similar behavior exhibited by Judge Blassman.

1. Repeated the questions as a way to convince me that the charge was not valid because I had to prove when and the intent. As the recording showed, my answers DID NOT change because I did not fall for the mental coercion used by Judge Blassman. She did not like that I kept on saying Mr. Ross' letter to her question.

2. Then the judge and I spoke about Ms. Mandel. I stated Ms. Mandel wrote the WRONG facts into the grievance decision (falsifying a legal document and she is CULPABLE under a 1983 claim because she took two months to render the decision) and Judge Blassman said, "You can't submit a charge because you did not like the decision." I informed the judge that it was not the decision, but the FACT that Ms. Mandel put facts from a different decision. Judge Blassman and Ms. Mandel have legal training, so the judge knew about NYS Penal Code 175. In addition, everyone heard the explanation that Mr. Todd Drantch gave to Judge Blassman about Ms. Mandel, where did not explain anything.

Judge Blassman's behavior was to help the Department and the UFT, and be deceitful towards me because I do not have legal training.

On April 8, 2015

Judge Blassman said, "I thought that there was going to be a settlement." Then, the judge said that I would win the case—another deceitful tactic used by the judge—and I should write a settlement plan. Mr. Drantch clearly stated, "Yes, that's right" to the judge, as she gave herself away about having an ex parte conversion with Ms. Battle and Mr. Drantch. Obviously, the judge, Ms. Battle of the UFT and Mr. Drantch, planned this ruse because the judge wanted to help the UFT and the DOE. (My favorite performance is where Mr. Garry Laveman and Mr. Stanley Fogel did their take on "Who's on First?" by Abbott and Costello's as they talked about the "most famous arbitration decision. According to Ms. Battle, this decision does not exist and I could not find the decision at NYU's Labor Library. I asked Ms. Jackson-Chase, the way she told me to contact her, to provide me with a copy of this decision in an email and at a PEP meeting, but I know by now that her meaning of integrity resembles fraud.)

1. The judge told Mr. Drantch to get and send me the documents prior to May 4, 2015.

On April 29, 2015

Mr. Drantch wrote me an email to inform me that the Department could not provide me with a settlement because "the Department reviewed the case." Mr. Drantch did not send me the documents and he helped, after

the review of the case, Ms. Bernard commit a crime with the submission of fraudulent documents for May 4, 2015.

May 27, 2015

I sent a letter to Judge Blassman about the fraudulent documents and how they were submitted on May 4, 2015. In addition, I reminded the judge that Mr. Drantch did not obey her orders. To date, the judge has continued to help Mr. Drantch commit a crime because she has not address this issue.

Around June 6, 2015

I sent a letter to Judge Blassman asking her to compel the UFT and DOE to provide an explanation of how the fraudulent documents were submitted on May 4, 2015 and the recording of Ms. Sedlmeyer telling me that the UFT has a secret agreement with the Department to defraud teachers at administrative hearings. Ms. Battle and Mr. Drantch answered, "It is not in the rules and procedures of PERB."

1.

On Columbus Day of this year, I went to a PERB trail date and I heard, along with Mr. Francesco Portelos and others, the judge rule on a motion that is not in the rules and procedures of PERB. Yet, Judge Blassman has ignored my motion that deals with the order she told Mr. Drantch on April 8, 2015 and it is a crime—wow, just wow!

The Judge said that I would win the case that Mr. Drantch said was dismissed—strange. I never received a letter from Judge Blassman informing me that the case was dismissed and it is a case that SHE SAID that I would win. I will be in attendance on January 11, 2015 with a CD to give to the police.

What side of fraud are you on? I am beginning to think the wrong side of fraud, which is the side that helps fraud to flourish—I have to say what I feel. I have new topics and recordings that I want to start talking about now.

Sincerely,

Mr. Lucio Celli

Subject: RE: New Grievance

Does anyone want to listen to Mr. Todd Drantch lie to Judge?

Does anyone want to listen to my principal saying, "Mr. Celli, did you take your medication today? You know you cannot become an administrator, if you cannot handle the stress (hehehehehehe)" My principal thought that I was on mental drugs and had me segregated for what she assumed...But, I'm HIV positive. Please view me at PEP, it is on DOE website, telling Ms. Jackson-Chase...I should be at 1:18 in Dec.
